## TECHNICAL DATA

**UPPER:** nubuck hydro + antiabrasion leather hydro + nylon hydro + Reflex

**INSOLE:** Unisoft®

**TOE CAP:** 200 J non-metallic Unicomp®

**MID-PLATE:** non metallic antiperforation textile, high flexibility and light

**SOLE:** polyurethane double density anti torsion

**LINING:** breathable with high steaming permeability

**SIZES:** 36/48

USE

INDUSTRY  
LOGISTICS  
SERVICES  
CONSTRUCTION

## SAFETY CATEGORIES

Mid-Plate  
**ARMATEAK 0+**

Sole  
**X3**

*SRC polyurethane double density  
anti torsion*

Toe Cap  
**UNICOMP®**

## Insole **UNISOFT**

Insole composed by different materials with 3 different thickness for moisture dissipation. Excellent comfort, antistatic properties.

On the heel, a gel insert offers a better comfort.

The central part of the insole is more thick to allow a better support for the foot.

The front side is made by three material layers and by a vegetable fiber insert.

Hygienic and breathable, the moisture dissipation and absorption are simplified.
