### TECHNICAL DATA

UPPER: *oiled nubuck hydro*

INSOLE: Giove®

TOE CAP: 200 J non-metallic Unicomp®

MID-PLATE: textile antiperforation insulating Ref rules EN 12568

SOLE: dielectric polyurethane and rubber outsole **HRO FO SR**  
with electrical resistance 20KV (ASTM F2413-18) **resistant up 300 'C for 60**  
**seconds**

LINING: breathable with high steaming permeability

SIZES: 38/48

### SAFETY CATEGORIES

Mid-Plate  
**Textile antiperforation**  
**Insulating**  
**Ref rules EN 12568**

Sole  
**X3**

**midsole:** dielectric polyurethane  
**outsole:** rubber **HRO FO SR**  
with electrical resistance 20KV  
Resistant up 300 °C for 60 seconds.

Puntale  
**UNICOMP®**

## Insole **GIOVE**

Reduction of smells. High resistant to abrasion covering, breathable, ergonomic design for the maximum comfort.

This insole gives to the shoe high comfort, shock absorber and high resistance.

The insole is washable at 30 °C.
