UNICOMP®

Insole **EFFUSIO®**

Reduction of smells.
High resistant to abrasion covering, breathable,
ergonomic design for the maximum comfort.
Insole made by polyurethane and polyester
covering.

The polyurethane gives to the shoe high
comfort, shock absorber and high resistance.
The insole is antibacterial, washable at 30 °C.

This PU INSOLE (antibacterial and breathable)
with high shocking absorbing property, give a
maximum joint protection to the ankle, knees
and lower back.

**Have been noticed performance of breathability
comfort and lightness, never reached before.**
